## A REORGANIZATION.

Richmond.

A largely-attended meeting of life-members of the State Agricultural Society was held last night in the hall of the hall was occupied, and yet there were Kent, of Wythe; H. L. Lyman, of many persons standing. Mr. Ashton Starke, president of the society, presided, and Major A. R. Venable, the secretary,

was at his post.

President Starke in calling the meeting to order said that its object was to consider the bill which had been prepared by a special committee appointed for the purpose by the Executive Committee at its quarterly meeting in January last, and which had been passed by the General Assembly. The question to be decided, he said, was whether the 1003 MAIN ST. life members would accept the charter for reorganization as granted under this

. ACCEPT THE CHARTER, General Joseph R. Anderson, with a few prefatory remarks, offered the fol-lowing and asked its adoption :

Whereas the General Assembly of Virginia has passed an act, approved February 8, 1888, to incorporate the Virginia State Agricultural and Mechanical Society, and this meeting has been called in furtherance of the provisions of said act to consider whether it will accept or reject the said charter :

Resolved, That we hereby accept the said act of the General Assembly, approved February 8, 1888, incorporating the Virginia State Agricultural and Mechanical Society.

At the suggestion of Mr. Wingo the

charter was read by the secretary. PATRIOTIC PURPOSE.

After some brief explanation from Colonel Buford and Mr. Wingo Mr. J. Ravenscroft Jones, of Brunswick, obtained the floor and warmly advocated the adoption of the resolution. He was present thirty-five years ago when the society was bankrupt and almost extinct. Inspired by the same love for the whole them until it is seen that there is no further work to be done. This was agreed that he then felt he was now present, be any local jealousies against the city of the representative of the entire State,

A VETERAN'S VIEWS. Mr. Thomas R. Branch, now eightythree years old, arose to give his counsel, and as he did so was applauded as a token of reverence to his honored age. He urged that the city be asked to give to the society, not lend to it, the \$30,000 which is owing the city. There was no reason why the city should not be asked to do this. It had lent the money be-fore when it was needed, and he hoped that it would now be made a donation. General Anderson said there was nothing in the act to keep the city from giving the money, but the society had first to accept the charter before the city

As this question is frequently acted, we will sin-ply say that she is a lady who for upwards of forty years has untiringly devoted her time and tal-ents as a female Physician and Nurse, princi-pally among children. She has especially stu-died the constitution and wants of this numerous class, and, as a result of this effort and practical quence of this article, Mrs. Winslow is beco children certainly do REE Ur and bless her; especially is this the case in this city. Vast quantities of the soothing Syrup are Dattr sold and used here. We think Mrs. Winslow has immortalized her name by this invaluable article, and we succerely bolieve thousands of children have been saved from an early grave by its timely use, and that millions yet unborn will share its benefits and unite in calling her blessed. No MOTHER has discharged her duty to her suffering with one. In our opinion, until she has given if

Wreckers Needed to Get Them Off-A Cathe lie Church to be Built at Cape Charles

(Special telegram to the Dispatch.)

EASTVILLE, March 7.—The two large barges of the New York, Philadelphia and Norfolk Railroad Company, with loaded cars on board, which were blown ashore at the entrance to the harbor at Cape Charles on Saturday night, still re-Cape Charles on Saturday night, still remain hard aground, and it seems impossible to get them affoat without the assistance of the wrecking company at Norfolk. On yesterday both of the large and powerful tugs of the company and the steamer Cape Charles made a combined attempt to pull them off, but could not move them an inch. The wrecking company will be required to place pontoons under them before they will be able to float them.

The Salvation Army corps have leased the Venable-Street chapel, and combined to hold regular services there are the call is a service will be secured, and that passenger fare and freight rates would be much cheaper. Many have already expressed their willingness to give the company the right of way through their lands when ver the call is the Venable-Street chapel, and commenced to hold regular services there made. It is also hoped that should the road be built it will strike the older towns, all of which are now situsted from a mile to three miles from the railroad. The passenger service on the railroad now running is as good as could be desired, there being four trains each way daily, but it is the freight service
